Athletic Testing Solutions works with non-profit agencies in serving the needs of our community with the goal to help provide affordable preventative screenings. In order to extend participation to all families, these agencies provide assistance to those in financial need.

Athletic Testing Solutions is also committed to serving people regardless of their ability to pay. However, resources are limited due to the fact all funds are raised through our community. We provide grants to offset the cost of screening services based on the documented financial ability within our guidelines.

All information must be provided including of all sources of income in order for your request to be processed. Please answer all information as accurately and honestly as possible.

Incomplete requests will not be processed. Be sure to mark NA (not applicable) to any and all boxes that do not apply to you and your family. You will receive the response immediately after submitting via the ATS website.
