

EMAIL TEXT TO USE TO COMMUNICATE TO PARENTS

(Copy ALL text below and make sure ALL links are functioning)

Dear Parents,

The health and safety of your student is important to our district. That is why we want to keep you informed when health services are available through our schools. Sudden Cardiac Arrest is the leading cause of death in student athletes. While our district doesn't endorse specific testing, we do feel it is important to make it available.

On **[Date]**, My-HeartCheck will be coming to the **[Your School/Organization]** to provide their comprehensive heart assessments. This program is the national leader in youth heart screenings operated by highly trained medical professionals and overseen by pediatric cardiologists. Through special arrangements, the HeartCheck is being offered to anyone ages 8 to 25 for the special price of only \$149, normally \$1500.
